Riccardo Pisani & Silvia Bazzani,
Lozar Stables,
Cascina Ginestra,
1,
28010 Gattico-Veruno NO,
Italy.

Dear Riccardo & Silvia,

Congratulations. Having examined the pedigree, performance history and studbook records of your stallion **Chaclot**, we are delighted to award your stallion RECOGNISED status in the Irish Sport Horse studbook with a 5* rating under our performance merit criteria. This is the highest accolade a stallion standing outside of Ireland can achieve within the Irish Sport Horse studbook.

Attached please find a Stallion Information Sheet. If you would like to submit a photograph of your stallion, along with the completed Stallion Information Sheet, we can include the photograph and your stallion's details in Horses Sport Ireland stallion lists and publications.

Can you also provide us with a SNP DNA profile and a certificate stating that the stallion is free from Equine Infectious Anaemia (EIA or Swamp Fever), Equine Viral Arteritis (EVA) and Contagious Equine Metritis (CEM).

Enclosed with this letter is an envelope for a hair sample that we can use to acquire a SNP DNA profile if one doesn't already exist.

If you would like to receive covering certificates for Irish mares, please contact Conor Sheridan at csheridan@horsesportireland.ie.

If you do not wish to have this stallion classified in the Irish Sport Horse Studbook please return the enclosed form to me before **January 1st 2024**.

Yours sincerely,

Sonja Egan, PhD.
Director of Breeding, Development, and Innovation
